

AULUX

AX-TYFWTALO

Water Leak Alarm

Light and Sound alarm

WiFi

APP control

The APP can monitor the status of the water leakage detector in real time and push alarm messages in time.

Two Monitoring Modes

Real Time Monitoring Reminder

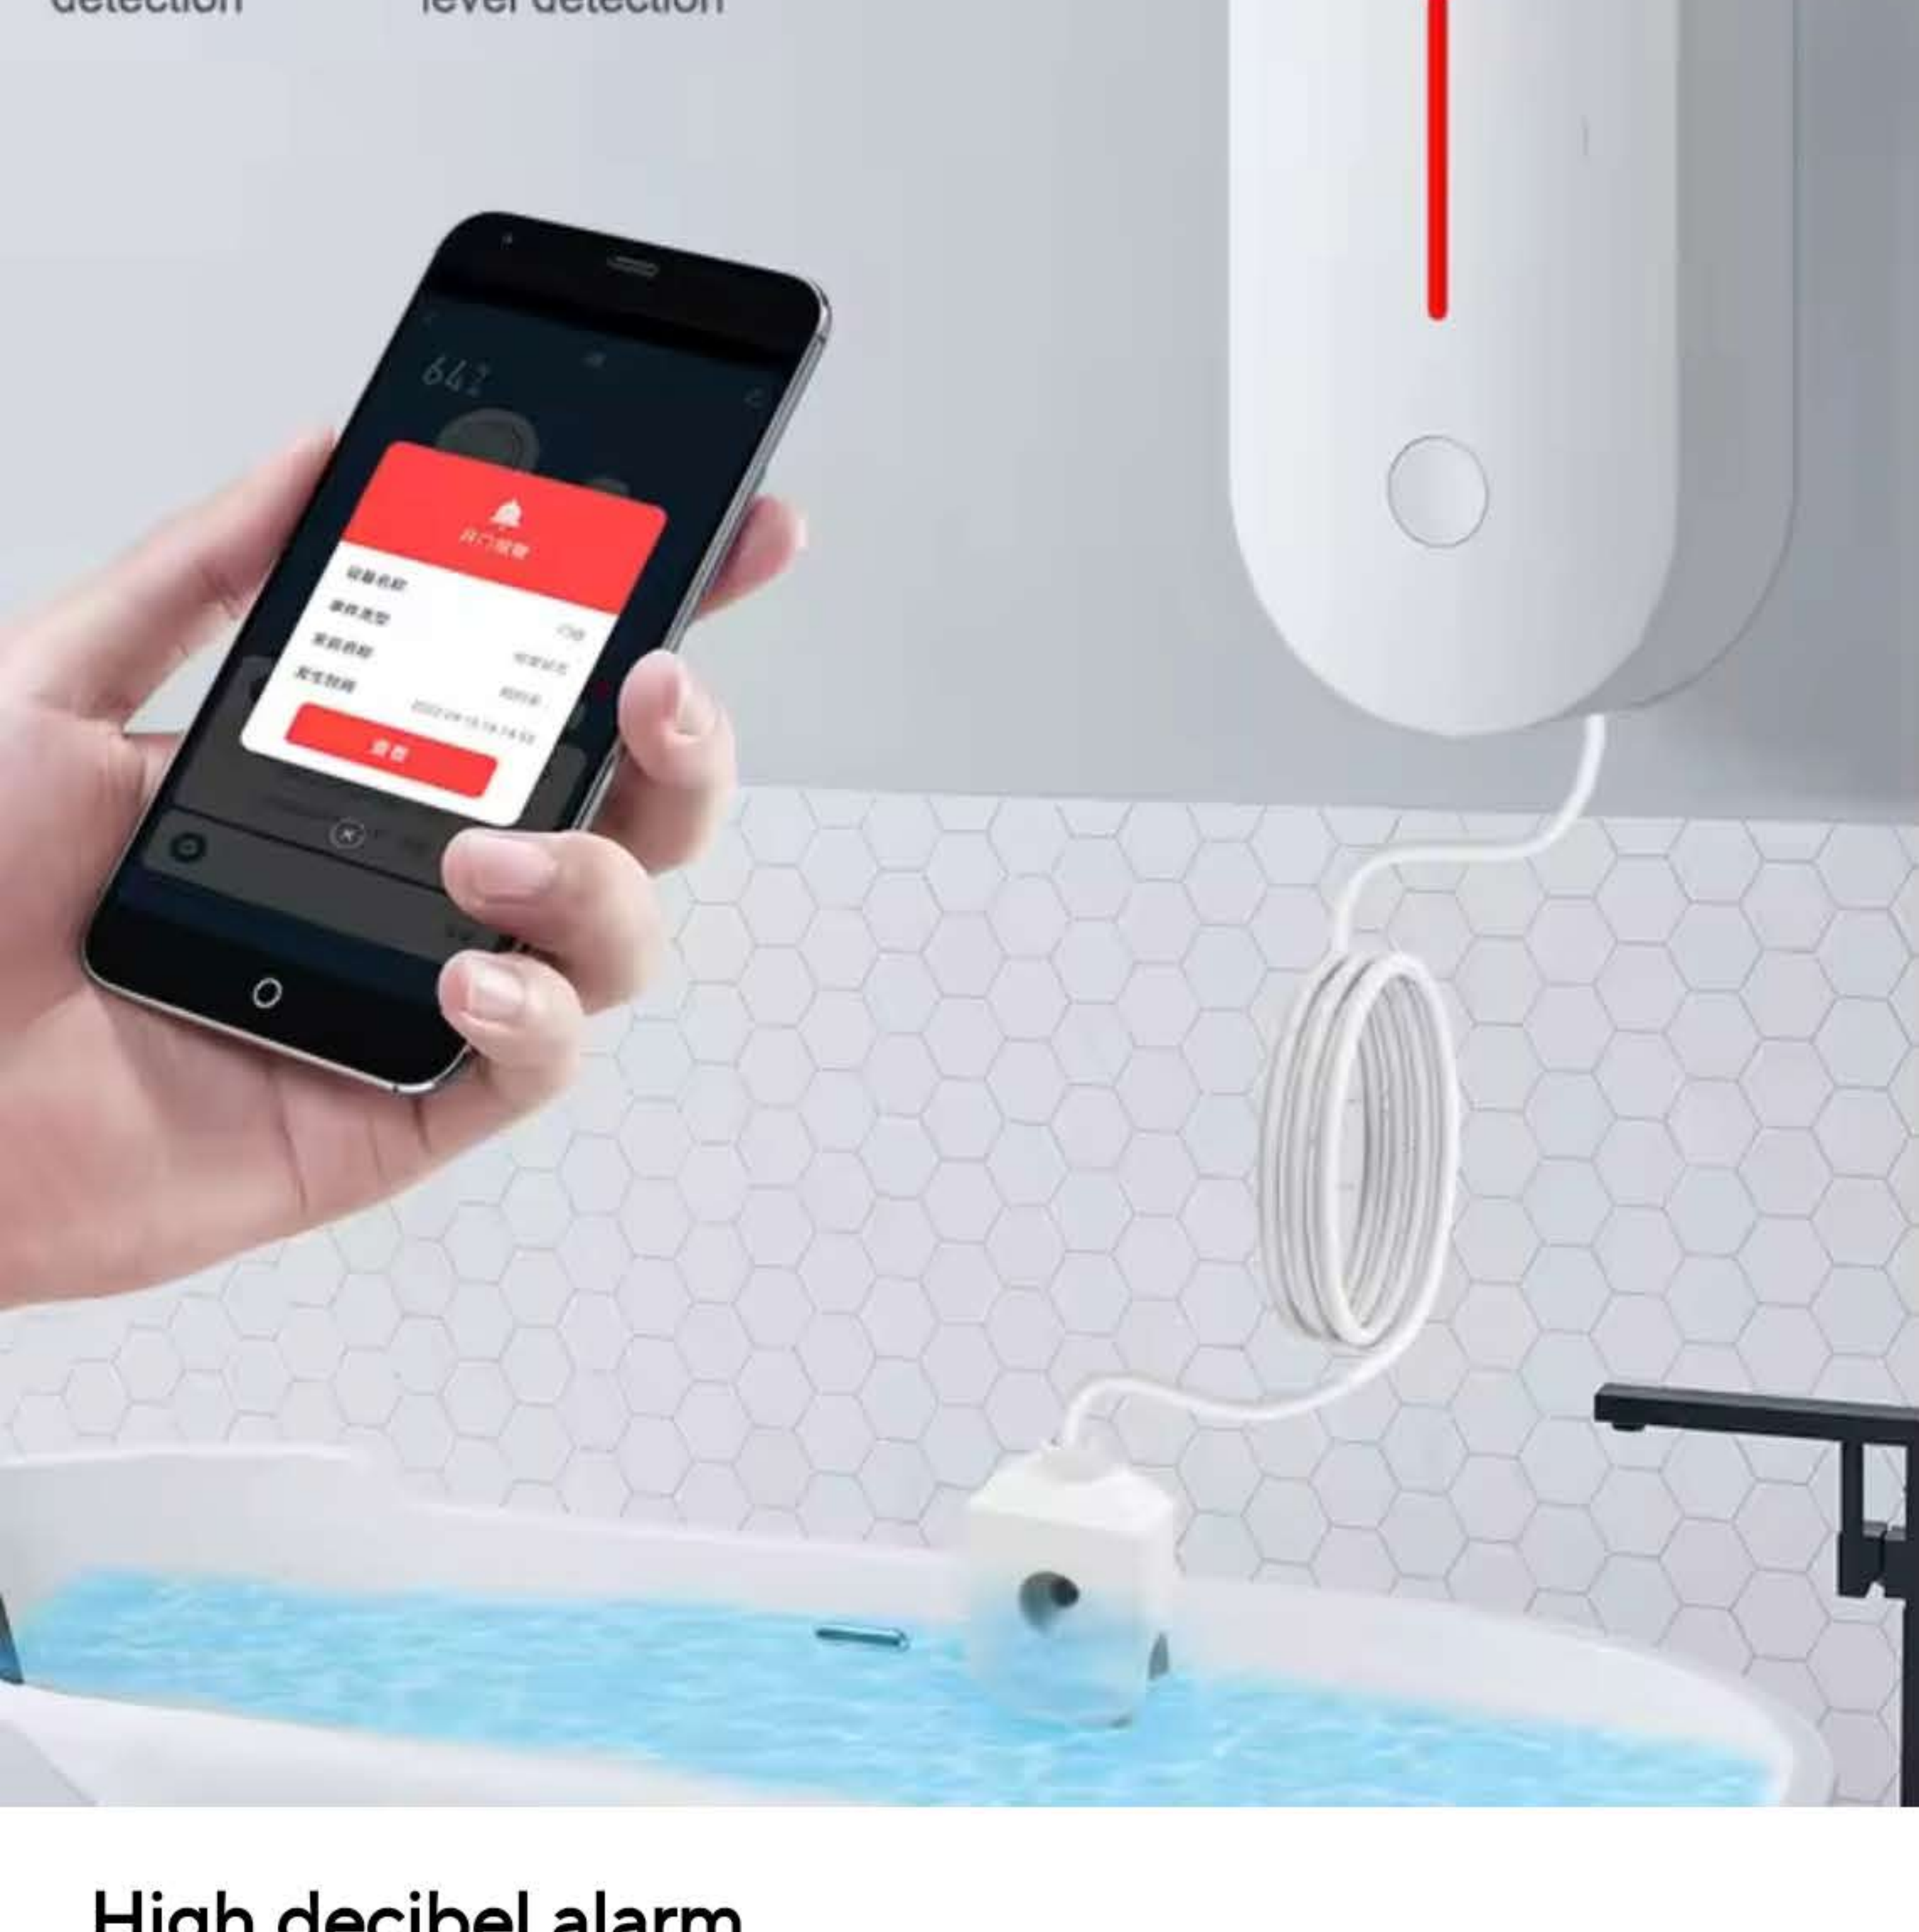

Real time monitoring of water leakage alarm/water level alarm

Water leakage detection

Low water level detection

High decibel alarm

The volume can be adjusted automatically. High decibel alarm can timely remind you of water leakage in your home and take timely measures.

Adjust Tthe Volume At Will

100dB High Tone Alarm

The alarm volume can be set through APP to remind people to take measures in time.

Timing arm and disarm

It is possible to set Timing arm and disarm of defense. without manual arm and disarm. Very convenient.

Timing detection

Save Time And Effort

It can set the time according to your needs and automatically detect on time

Technical Parameter

Working voltage: DC3V

Standby current: $\leq 180\mu A$

Alarm current: $\leq 70mA$

Alarm sound: $\leq 80dB$ (within 1m)

Battery Specifications: LR03 AAA (2*1.5V)

WiFi standard: IEEE 802.11 b/g/n 2.4G
